**Fast-Growing Consumers Credit Union
Purchases New Headquarters Building in Lake Forest, IL**

Gurnee, IL, April 1, 2022: Consumers Credit Union (CCU; \$3.0 billion) recently purchased a building in Lake Forest, IL to serve as the credit union's new corporate headquarters. Located in the prestigious Conway Park office park, CCU's new headquarters will provide the fast-growing organization with the space, infrastructure and a centralized location that will better enable its nearly 500 employees to continue to collaborate and innovate to meet the evolving financial needs of over 191,000 members.

"CCU continues to grow at an incredible pace and we currently have employees across the northwest Chicagoland area, with two main employee hubs in Gurnee and Schaumburg," said Sean Rathjen, CEO of Consumers Credit Union. "To keep pace with our growth trajectory and create one centralized location, the time was right to find a new headquarters building. We are thrilled to purchase a facility that's not only able to house all of our current home office employees and provide us with ample room to grow but can also serve as a dynamic workplace destination for all of us as we move forward with our return to office plan."

With 3 floors and a furnished basement floor offering over 140,000 square feet of usable office space, CCU's new headquarters offers nearly double the amount of square footage of the organization's current Gurnee and Schaumburg locations combined. In the coming months, CCU plans to build out infrastructure and make modifications to the building's interior with the goal of having employees moving in during the first quarter of 2023.
